

Czech University of Life Sciences Prague

Faculty of Agrobiography,  
Food and Natural Resources

prof. Ing. Pavel Tlustoš, CSc.

HORIZON 2020 ERA CHAIR

# DRIFT-FOOD

## FOOD SCIENCE STRATEGY

- to create an **interdisciplinary Centre of excellence** focused on advanced technologies for high quality, safe and sustainable regional food production
- create **research team dealing with advanced food technologies**
- **enhance scientific excellence** in the field of food technology, food processing, and more widely on food quality, safety, and nutrition
- **establish and develop cooperation with foreign institutions** and increase success in international grant competitions
- **improve the accessibility of innovative technologies** to regional stakeholders

**Education Centre for processing of agricultural products,  
scheduled to launch in May 2021**

**ERA CHAIRS  
PROGRAMME**

**HORIZON 2020**  
EU funding programme for  
research and innovation

→ Support for the creation of specialized scientific posts (ERA Chairs) within the European Research Area.

→ **Under the leadership of an outstanding researcher (ERA Chair holders), recruit and retain top academics in research institutions and make the structural changes necessary to achieve excellence in science on a sustainable basis.**

## ERA Chair research centre

State-of-the-art research centre of advanced technologies for high quality, safe and sustainable regional food production with the excellent team of food technologists.

## International visibility

Increasing the international visibility of the faculty and university, which will support new proposals for international projects, cooperation and scientific reputation.

**DRIFT-FOOD**

## Scientific and educational excellence

Strengthening of research, education and training in the field of food technology, food quality and nutrition.

## High quality, safe and sustainable regional food production

Better the accessibility of innovative technologies to regional farmers, cooperation with the strategic partners.

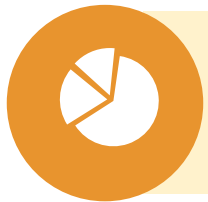

## Project name

Advanced Technologies For High Quality, Safe And Sustainable Regional Food Production (DRIFT FOOD) / [driftfood.eu](http://driftfood.eu)

What

## Project budget
